

## Special Issue on Cardiovascular Surgery

### Call for Papers

**Cardiovascular surgery** is surgery on the heart or great vessels performed by cardiac surgeons. It is often used to treat complications of ischemic heart disease (for example, with coronary artery bypass grafting); to correct congenital heart disease; or to treat valvular heart disease from various causes, including endocarditis, rheumatic heart disease, and atherosclerosis. It also includes heart transplantation.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on **Cardiovascular Surgery**. Potential topics include, but are not limited to:

- Coronary artery bypass grafting
- Heart transplantation
- Cardiothoracic surgery
- CABG
- Cardiopulmonary bypass
- Open heart surgery
- Minimally invasive surgery
- Ventricular assist devices
- Mitral valve repair
- Aortic valve replacement and implantation
- Complications and risk factors

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly notice that the “**Special Issue**” under your manuscript title is supposed to be specified and the research field “**Special Issue – Cardiovascular Surgery**” should be chosen during your submission.

According to the following timetable:

Submission Deadline	November 29th, 2019
Publication Date	January 2020
