

TABLE OF CONTENTS

Volume 2 Number 4

November 2012

5-HT₁ Expression in Primary Trigeminal Neurons Following Injury

O. Mameli, A. Russo, S. Stanzani, G. Tringali, E. Insirello, M. A. Caria, P. L. De Riu.....427

Significance of the Thalamic Reticular Nucleus GABAergic Neurons in Normal and Pathological Activity of the Brain

Z. I. Nanobashvili, A. G. Surmava, I. G. Bilanishvili, M. G. Barbaqadze, M. D. Mariamidze, N. A. Khizanishvili.....436

Assessing Brain Pathophysiology through Non-Linear Analysis of MEG in Idiopathic Generalized Epilepsy Cases

P. E. Antoniou, A. Adamopoulos, P. A. Anninos, H. Piperidou, A. Kotini.....445

5-HT_{2A} Receptor Activation Normalizes Exaggerated Fear Behavior in p-Chlorophenylalanine (PCPA)-Treated Rats

C. R. Hughes, L. Tran, N. B. Keele.....454

Neurobehavioral and Hemodynamic Evaluation of Cognitive Shifting in Children with Autism Spectrum Disorder

A. Yasumura, N. Kokubo, H. Yamamoto, Y. Yasumura, Y. Moriguchi, E. Nakagawa, M. Inagaki, K. Hiraki.....463

Sleep, Serotonin, and Suicide

J. Kohyama.....471

Enrichment Discrimination Behavior in Spontaneously Hypertensive Rats

R. M. Salimov, G. I. Kovalev.....479

Prenatal and Postnatal Exposures to 1-Methyl-4-phenyl-1,2,3,6-tetra Hydropyridine (MPTP) Impaired Mouse Midbrain Dopamine System and May Produce a Predisposing and Inducing Model for Parkinson's Disease

G. Muthian, J. King, L. Dent, M. Smith, V. Mackey, C. Charlton.....485

Catalpol Upregulates Hippocampal GAP-43 Level of Aged Rats with Enhanced Spatial Memory and Behavior Response

J. Liu, Y. Liu, W. Zou, L. Song, L. J., An.....495

A Twenty-Year Follow-Up Case Study of an Office Worker Who Returned to Work despite Serious Memory Disorder Caused by Herpes Encephalitis

M. Nakano, N. Miyashita, K. Tanabe, T. Yamamoto.....505
