

Table of Contents

Volume 5 Number 4

March 2014

The 5 Hallmarks of Biomaterials Success: An Emphasis on Orthopaedics

D. L. Williams, B. M. Isaacson.....283

Selection of Laboratory Mice for the High Scores of Logic Task Solutions: The Correlated Changes in Behavior

O. V. Perepelkina, V. A. Golibrodo, I. G. Lilp, I. I. Poletaeva.....294

Using Engineered microRNAs as Vectors for Animal RNA Interference: Promises and Challenges

J. S. Chen, R. W. Zeller.....301

Method and Apparatus for Creating Problem-Solving Complexes from Individual Elements

B. Mitterauer.....311

The Content of Some Types of Cytokines in Women of Reproductive Age with Exacerbation and Remission of Chronic Herpes Infection

O. Obukhova, A. Trunov, O. Gorbenko, A. Shvayk, L. Trunova.....316

An Approach to the Identification and Characterisation of a Psychrotrophic Lipase Producing *Pseudomonas* sp ADT3 from Arctic Region

A. Dey, A. Chattopadhyay, P. Saha, S. Mukhopadhyay, T. K. Maiti, S. Chatterjee, P. Roy.....322

Rapid, Efficient and High-Performance Protocol for *Agrobacterium rhizogenes*-Mediated Hairy Root Transformation of the Common Bean *Phaseolus vulgaris*

S. Khandual, P. M. Reddy.....333

Gene Expression Modulation of Two Biosynthesis Pathways via Signal Transduction in *Cochliobolus heterostrophus*

O. Degani.....340

LIMK1/TPPP1/HDAC6 Is a Dual Actin and Microtubule Regulatory Complex That Promotes Drug Resistance

A. V. Schofield, C. Gamell, O. Bernard.....353

In Vitro Regeneration of *Curcuma caesia* Plantlets from Basal Part and via Somatic Embryogenesis

A. R. Zuraida, K. Fatin Liyana Izzati, O. Ayu Nazreena, C. M. Z. Che Radziah,
S. G. Siti Nur Asyikin, S. Sreeramanan.....363

In Silico Approach for the Identification of Potential Targets and Specific Antimicrobials for *Streptococcus mutans*

A. C. B. da Silva, D. R. da Silva, S. A. de Macêdo Ferreira, G. G. Agripino, A. R. Albuquerque, T. G. do Rêgo.....373

Effect of the R406H Substitution on the Normal Function of CHEK2

A. Yilmaz, M. E. Davis, W. Q. Zhao.....386

Phenotypic Class Ratios as Marker Signs of Different Types of Agamospermy

S. S. Kirikovich, E. V. Levites.....393

**Combination of Acacetin with Antibiotics against Methicillin Resistant
Staphylococcus aureus Isolated from Clinical Specimens**

J.-D. Cha, S.-M. Choi, J. H. Park.....398
