

Table of Contents

Volume 5 Number 1

March 2015

Approximate Metric for a Rotating Deformed Mass

F. Frutos-Alfaro, P. Montero-Camacho, M. Araya, J. Bonatti-González.....1

Existence of Black Neutron Star

T. Rajesh.....11

Continued Fraction Evaluation of the Universal Y's Functions

M. A. Sharaf, A. S. Saad, N. S. A. El Motelp.....15

Distribution of Mass and Energy in Five General Cosmic Models

F. A. Bukhari.....20

Diurnal Variations and Spikes by the Torsind Registered and Their Impact on the Accuracy of G Measurement

A. F. Pugach.....28

Numerical Investigation of a Shock Accelerated Heavy Gas Cylinder in the Self-Similar Regime

B. Wang, J.-S. Bai, T. Wang.....38

On Kantowski-Sachs Viscous Fluid Model in Bimetric Relativity

R. C. Sahu, S. P. Misra, B. Behera.....47

The Efficiency of CP-Violating α^2 -Dynamics from Primordial Cosmic Axion Oscillation with Torsion

L. C. G. de Andrade.....56
