Open Journal of Ophthalmology is a peer reviewed international journal dedicated to the latest advancement of Ophthalmology. The goal of this journal is to keep a record of the state-of-the-art research and to promote study, research and improvement within its various specialties.

All manuscripts submitted to OJOph must be previously unpublished and may not be considered for publication elsewhere at any time during OJOph's review period. Additionally, accepted ones will immediately appear online followed by printed in hard copy. Topics to be covered by this journal include, but are not limited to:

- Anterior segment surgery
- Cataract
- Cornea, ocular surface, and external disease
- Glaucoma
- Medical retina
- Neuro-ophthalmology
- Ocular oncology
- Oculoplastics & Orbit surgery
- Ophthalmic pathology
- Pediatric ophthalmology & Strabismus
- Refractive surgery
- Uveitis & Immunology
- Veterinary formal
- Vitreo-retinal surgery

We are also interested in short papers (letters) that clearly address a specific problem, and short survey or position papers that sketch the results or problems on a specific topic. Authors of selected short papers would be invited to write a regular paper on the same topic for future issues of the OJOph.
