Call for Papers

Journal of Software Engineering and Applications (JSEA)

ISSN 1945-3116 (print) ISSN 1945-3124 (online)
www.scirp.org/journal/jsea

JSEA publishes four categories of original technical articles: papers, communications, reviews, and discussions. Papers are well-documented final reports of research projects. Communications are shorter and contain noteworthy items of technical interest or ideas required rapid publication. Reviews are synoptic papers on a subject of general interest, with ample literature references, and written for readers with widely varying background. Discussions on published reports, with author rebuttals, form the fourth category of JSEA publications.

Subject Coverage

All manuscripts must be prepared in English, and are subject to a rigorous and fair peer-review process. Accepted papers will immediately appear online followed by printed hard copy. The journal publishes original papers including but not limited to the following fields:

Automated Software Design and Synthesis
 Automated Software Specification
 Component-Based Software Engineering
 Computer-Supported Cooperative Work
 Formal Methods
 Knowledge Acquisition
 Object-Oriented Technology
 Patterns and Frameworks
 Process and Workflow Management
 Program Understanding Issues
 Programming Languages and Software Engineering
 Reflection and Metadata Approaches
 Reliability and Fault Tolerance

Requirements Engineering
 Reverse Engineering
 Software Architecture
 Software Design Methods
 Software Domain Modeling and Meta-Modeling
 Software Engineering Decision Support
 Software Engineering Education
 Software Maintenance and Evolution
 Software Process Modeling
 Software Quality
 Software Reuse
 Software Testing
 Tutoring, Help, Documentation Systems

We are also interested in short papers (letters) that clearly address a specific problem, and short survey or position papers that sketch the results or problems on a specific topic. Authors of selected short papers would be invited to write a regular paper on the same topic for future issues of the JSEA.

Notes for Prospective Authors

Submitted papers should not have been previously published nor be currently under consideration for publication elsewhere. All papers are refereed through a peer review process. For more details about the submissions, please access the website.
