<http://www.scirp.org/journal/ijaa>

International Journal of Astronomy and Astrophysics (IJAA) is an international scientific journal dedicated to the publication and public discussion of high quality original research in all the fields of astrophysics and space sciences and related technology. All the manuscripts must be prepared in English, and are subject to a rigorous and fair peer-review process. Accepted papers will immediately appear online followed by printed hard copies.

Subject Coverage

The journal publishes original papers including but not limited to the following fields:

- Astrophysics
- Cosmic Rays and Gamma Astronomy
- Extrasolar Planets
- Heliospheric Physics
- Interstellar Matter
- Magnetospheric Physics
- Planets, Comets, Asteroids and Dust
- Scientific Instrumentation
- Solar and Stellar Physics
- Solar/Interstellar Terrestrial Relations

We are also interested in short papers (letters) that clearly address a specific problem, and short survey or position papers that sketch the results or problems on a specific topic. Authors of selected short papers would be invited to write a regular paper on the same topic for future issues of the IJAA.

Notes for Intending Authors

Submitted papers should not have been previously published nor be currently under consideration for publication elsewhere. Paper submission will be handled electronically through the website. All papers are refereed through a peer review process. For more details about the submissions, please access the website.
