Advances in Nanoparticles (ANP) is a quarterly open access journal. The goal of this journal is to provide a platform for scientists and academicians all over the world to promote, share, and discuss various new issues and developments in all aspects of nanoparticle science and technology and their applications.

Subject Coverage

All manuscripts must be prepared in English, and are subject to a rigorous peer-review process. Accepted papers will immediately appear online followed by printed in hard copy. The areas covered by *Advances in Nanoparticles (ANP)* include but are not limited to the following fields:

- Application of systems, structures and devices with novel functions obtained nanoparticles
- Biological nanoparticles
- Catalytic uses of nanoparticles
- Characterisation and measurement of nanoparticles
- Cosmetic applications of nanoparticles
- Energy applications of nanoparticles
- Environmental impact of nanoparticles
- Food science and nanoparticles
- Functionalisation of nanoparticles
- Fundamental science and technology of nanoparticles
- Materials and polymers containing nanoparticles
- Modelling of nanoparticles
- Modifications of surfaces with nanoparticles
- Nanoelectronics
- Nanomedicine
- Nanoparticle beams
- Nanoparticle coatings
- Nanoparticles for sustainable growth and in water purification
- Nanoparticles in cosmetics industry
- Nanoparticles in decorative industry
- Nanoparticles in living systems
- Nanoparticles in medicine
- Nanoparticles in nanomachining and nanoengineering
- Nanotechnology and nanoelectronics
- Nanotoxicology
- Novel applications of nanoparticles
- Self assembled nanostructures

We are also interested in: 1) Short reports—2-5 page papers where an author can either present an idea with theoretical background but has not yet completed the research needed for a complete paper or preliminary data; 2) Book reviews—Comments and critiques.

Notes for Intending Authors

Submitted papers should not have been previously published nor be currently under consideration for publication elsewhere. Paper submission will be handled electronically through the website. All papers are refereed through a peer review process. For more details about the submissions, please access the website.
