International Journal of Nonferrous Metallurgy (IJNM) is a peer-reviewed, open access journal published quarterly. The goal of this journal is to provide a platform for doctors and academicians all over the world to promote, share, and discuss various new issues and developments in all aspects of Nonferrous Metallurgy research.

Editor in Chief

Dr. B. D. Pandey

National Metallurgical Laboratory, India

Subject Coverage

All manuscripts must be prepared in English, and are subject to a rigorous peer-review process. Accepted papers will immediately appear online followed by printed in hard copy. The areas covered by International Journal of Nonferrous Metallurgy (IJNM) include but are not limited to the following fields:

- Hydrometallurgy/Biohydrometallurgy
- Industrial Impact of Lab Scale Research
- Material Synthesis
- Nonferrous Metallurgy
- Plant Operations
- Pressure Leaching
- Process Modelling and Control
- Pyrometallurgy
- Solvent Extraction/Ion Exchange/Electrodialysis and Purification
- Waste Remediation/Beneficiation

We are also interested in: 1) Short reports—2-5 page papers where an author can either present an idea with theoretical background but has not yet completed the research needed for a complete paper or preliminary data; 2) Book reviews—Comments and critiques.

Notes for Intending Authors

Submitted papers should not have been previously published nor be currently under consideration for publication elsewhere. Paper submission will be handled electronically through the website. All papers are refereed through a peer review process. For more details about the submissions, please access the website.
