

TABLE OF CONTENTS

Volume 4 Number 9

September 2012

Design and Multicriteria Optimization of a Two-Stage Reactive Extrusion Process for the Synthesis of Thermoplastic Polyurethanes

S. Hoppe, D. Meimaroglou, M. Camargo, C. Fonteix, F. Pla.....497

Model-Based Split-Range Algorithm for the Temperature Control of a Batch Reactor

M. G. Balaton, L. Nagy, F. Szeifert.....515

Comparative Study between D2EHPA and Cyanex 272 as Extractants of Mn(II) from a Leached Liquor Produced by Reductive Leaching of a Pyrolusite Ore with SO₂

R. Pérez-Garibay, J. Martínez-Jiménez, A. Uribe-Salas, A. Martínez-Luévanos.....526

Simulation-Based Analysis and Intuitive Visualization of the Cutting Edge Load in Micromilling of Hardened Steel

P. Kersting, D. Biermann, E. Krebs.....532

The Vibration of Partially Filled Cylindrical Tank Subjected to Variable Acceleration

O. Badran, M. S. Gaith, A. Al-Solihat.....540

Power Generation with Vegetable Oils in the Italian Scenario: A 20 MW Case Study. Technical Feasibility Analysis and Economical Aspects

A. Calabria, R. Capata.....548

Habitat Evaluation on Scour Hole Downflow Low Drop Structure Types Using Large-Scale Experiment

J. Kang, C. Kim, S. Jung, H. Yeo.....557

An Experimental Study for Construction of Emergency Spillway in Daechung Dam

H. Yeo, J. Kang, S. Jung.....568

An Ancient Rangefinder for Teaching Surveying Methods

A. C. Sparavigna.....578

Field of Stresses in an Isotropic Plane with Circular Inclusion under Tensile Stress

Ye. Ye. Deryugin, G. V. Lasko.....583

Correlation between Hardness, Structure and Electrochemical Performance of an AlZnMnMg Alloy

S. Valdez Rodríguez, B. Campillo Illanes, J. J. Alberto Islas.....590

The figure on the front cover is from the article published in *Engineering*, 2012, Vol. 4, No. 9, pp. 532-539 by Petra Kersting, Dirk Biermann and Eugen Krebs.
