<http://www.scirp.org/journal/jcc>

Journal of Communications and Computers is an international journal dedicated to the latest advancement of communications and computers. The goal of this journal is to provide a platform for scientists and academicians all over the world to promote, share, and discuss various new issues and developments in different areas of computer and communications. All manuscripts must be prepared in English, and are subject to a rigorous and fair peer-review process. Accepted papers will immediately appear online followed by printed hard copy. The journal publishes original papers including but not limited to the following fields:

Subject Coverage

The journal publishes original papers including, but not limited to, the following subfields of anthropology:

- Cloud Computing
- Communication Protocols
- Computer and Network Security
- Cooperative Communications
- Grid Computing
- High Performance Computing
- Mobile and Portable Communications Systems
- Mobile Computing Systems
- Optical Communications
- Self-Stabilization, Autonomic Computing
- Simulation/Analytical Evaluation of
- Communication Systems

We are also interested in: 1) Short Reports – 2-5 page papers where an author can either present an idea with theoretical background but has not yet completed the research needed for a complete paper or preliminary data; 2) Book Reviews – Comments and critiques.
