

TABLE OF CONTENTS

Volume 3, Number 2A3, August 2013

Fraser Syndrome: Two millennia of cryptophthalmos from Pliny the Elder to FRAS, FREM and GRIP: A historical perspective	
G. R. Fraser.....	1
Predominance of constitutional chromosomal rearrangements in human chromosomal fragile sites	
I. J. Sequeira, J. T. Mexia, J. Santiago, R. Mamede, E. Silva, J. Santos, D. Faria, J. Rueff, A. Brás.....	8
Anxiety and pre-symptomatic testing for neurodegenerative disorders	
L. Susana, L. Ângela, J. Sequeiros.....	14
SRY in an XX male does not influence random chromosome X inactivation: Cytogenetic evidence. Definition of the boundaries of the translocated Y segment through FISH and PCR-RT in a case report and review of the literature	
M. Stabile, V. Altieri, R. Salzillo, P. Marrollo, G. Stabile, T. Iuorio, B. Moscato.....	27
Cytogenetic abnormalities in 200 male infertile cases in the southern region of India	
G. Sreenivasa, S. S. Malini, P. Kumari, U. R. Dutta.....	33
Hormonally modulated migraine is associated with single-nucleotide polymorphisms within genes involved in dopamine metabolism	
A. K. Sullivan, E. J. Atkinson, F. M. Cutrer.....	38
Diagnostic challenges in Salla disease	
J. N. Hartley, M. S. Salman, F. A. Booth, L. Seargeant, D. A. Wenger, J. Wrogemann, A. A. Mhanni.....	46
Hereditary gastrointestinal polyposis: Diagnosis, genetic test and risk assessment	
M. De Rosa, F. Duraturo, R. Liccardo, P. Izzo.....	50
The I550V polymorphism in the renal human sodium/dicarboxylate cotransporter 1 (<i>hNaDC-1</i>) gene is associated with the risk for urolithiasis in adults from Southeastern, Mexico	
M. Medina-Escobedo, D. Franco-Bocanegra, S. Villanueva-Jorge, L. González-Herrera.....	59
