International Journal of Clinical Medicine (IJCM) is a peer reviewed journal dedicated to the latest advancement of clinical medicine. The goal of this journal is to keep a record of the state-of-the-art research and to promote study, research and improvement within its various specialties.

Subject Coverage

The journal publishes original papers including but not limited to the following fields:

- Anesthesiology
- Diagnostic Radiology
- Family Practice
- Geriatric Medicine
- Obstetrics and Gynecology
- Orthopedic Surgery
- Psychiatry
- Pediatrics
- Dermatology
- Emergency Medicine
- General Surgery
- Internal Medicine
- Ophthalmology
- Plastic and Reconstructive Surgery
- Radiation Oncology

We are also interested in short papers (letters) that clearly address a specific problem, and short survey or position papers that sketch the results or problems on a specific topic. Authors of selected short papers would be invited to write a regular paper on the same topic for future issues of the **IJCM**.

Notes for Intending Authors

All manuscripts submitted to IJCM must be previously unpublished and may not be considered for publication elsewhere at any time during IJCM's review period. Paper submission will be handled electronically through the website. All papers are refereed through a peer review process. Additionally, accepted ones will immediately appear online followed by printed in hard copy. For more details about the submissions, please access the website.
