Intelligent science is an interdisciplinary subject which dedicates to joint research on basic theory and technology of intelligence by brain science, cognitive science, artificial intelligence and others. The journal will provide an international forum for researchers, scholars, and engineers in above area to publish high quality and refereed papers, disseminate latest theoretical results as well as their applications in this field all over the world.

Editor-in-Chief

Prof. Zhongzhi Shi

Institute of Computing Technology, CAS, China

All manuscripts must be prepared in English, and are subject to a rigorous and fair peer-review process. Accepted papers will immediately appear online followed by printed hard copy. The journal publishes original papers including but not limited to the following fields:

- | | |
|---------------------------|---------------------------|
| ◎ Artificial Brain | ◎ Learning |
| ◎ Artificial Intelligence | ◎ Linguistic Cognition |
| ◎ Brain-Like Computers | ◎ Memory |
| ◎ Brain Science | ◎ Mind Modelling |
| ◎ Cognitive Neuroscience | ◎ Multi-Agent Systems |
| ◎ Cognitive Science | ◎ Nature of Consciousness |
| ◎ Emotion | ◎ Perception |
| ◎ Intelligent Computers | ◎ Thought |
| ◎ Intelligent Robots | ◎ Web Intelligence |

What is SCIRP?

Scientific Research Publishing (SCIRP) is one of the largest Open Access journal publishers. It is currently publishing more than 200 open access, online, peer-reviewed journals covering a wide range of academic disciplines. SCIRP serves the worldwide academic communities and contributes to the progress and application of science, by delivering superior scientific publications and scientific information solution provider that enable advancement in scientific research.

What is Open Access?

All original research papers published by SCIRP are made freely and permanently accessible online immediately upon publication. To be able to provide open access journals, SCIRP defrays operation costs from authors and subscription charges only for its printed version. Open access publishing allows an immediate, world-wide, barrier-free, open access to the full text of research papers, which is in the best interests of the scientific community.

- High visibility for maximum global exposure with open access publishing model
- Rigorous peer review of research papers
- Prompt faster publication with less cost
- Guaranteed targeted, multidisciplinary audience
