May 2014

The Amen Anti-Addiction Intervention: Theoretical Foundations of a Novel Neurotrophic Protocol for the Prevention and Treatment of Addiction

N. S.-S. Amen-Ra.....79

Exogenous BDNF and Chondroitinase ABC Consisted Biomimetic Microenvironment Regulates Survival, Migration and Differentiation of Human Neural Progenitor Cells Transplanted into a Rat Auditory Nerve

A. Kale, E. Novozhilova, U. Englund-Johansson, S. I. Stupp, B. Palmgren, P. Olivius.....86

A Novel Dimeric Dipeptide Mimetic of the Nerve Growth Factor Exhibits Pharmacological Effects upon Systemic Administration and Has No Side Effects Accompanying the Neurotrophin Treatment

T. A. Gudasheva, P. Yu. Povarnina, T. A. Antipova, S. B. Seredenin.....101

Intermittent vs Continuous Administration of Nerve Growth Factor to Injured Medial Septal Cholinergic Neurons in Rat Basal Forebrain

K. E. Miller, G. E. Frierdich, R. H. Dillard, R. H. Soriano, D. G. Roufa.....109

Nerve Growth Factor Enhances Tau Isoform Expression and Transcription in IMR32 Cells

C. L. Cragg, B. E. Kalisch.....119
