Editor-in-Chief

Prof. Yashwant K. Malaiya

Colorado State University, USA

Editorial Board

Dr. Nicoletta Adamo-Villani

Purdue University, USA

Prof. Kuang-Hua Chang

The University of Oklahoma, USA

Dr. Calvin Yu-Chian Chen

China Medical University, China

Dr. Kim-Kwang Raymond Choo

University of South Australia, Australia

Prof. Steven A. Demurjian

The University of Connecticut, USA

Dr. Phan H. Giang

George Mason University, USA

Dr. Zonghua Gu

Zhejiang University, China

Dr. Nabil Hameurlain

University of Pau, France

Dr. Wolfgang Herzner

Austrian Institute of Technology, Austria

Dr. Jacky Wai Keung

City University of Hong Kong, China

Dr. Mitsuhiro Kimura

Hosei University, Japan

Prof. Chang-Hwan Lee

Dongguk University, South Korea

Prof. Anthony F. Norcio

University of Maryland, USA

Dr. Indrajit Saha

Institute of Informatics and Telematics (IIT), National
Research Council (CNR), Italy

Prof. Janche Sang

Cleveland State University, USA

Prof. Midthe V. Srinath

Mahendra Engineering College, India

Dr. Eliot Winer

The Iowa State University, USA

Prof. Xin Yuan

Florida State University, USA

Table of Contents

Volume 8 Number 11

November 2015

Design and Implementation of Peer-to-Peer Service Routing Algorithm

X. Y. Gao.....575

A Well-Built Hybrid Recommender System for Agricultural Products in Benue State of Nigeria

A. Iorshase, O. I. Charles.....581

A Study on the Impact of Learning Management System on Students of the University of Jordan

N. Al-Assaf, T. Almarabeh, L. N. Eddin.....590

Journal of Software Engineering and Applications (JSEA)

Call for Papers

Journal of Software Engineering and Applications (JSEA)

ISSN 1945-3116 (print) ISSN 1945-3124 (online)
<http://www.scirp.org/journal/jsea>

JSEA publishes four categories of original technical articles: papers, communications, reviews, and discussions. Papers are well-documented final reports of research projects. Communications are shorter and contain noteworthy items of technical interest or ideas required rapid publication. Reviews are synoptic papers on a subject of general interest, with ample literature references, and written for readers with widely varying background. Discussions on published reports, with author rebuttals, form the fourth category of JSEA publications.

Subject Coverage

All manuscripts must be prepared in English, and are subject to a rigorous and fair peer-review process. Accepted papers will immediately appear online followed by printed hard copy. The journal publishes original papers including but not limited to the following fields:

Automated Software Design and Synthesis
 Automated Software Specification
 Component-Based Software Engineering
 Computer-Supported Cooperative Work
 Formal Methods
 Knowledge Acquisition
 Object-Oriented Technology
 Patterns and Frameworks
 Process and Workflow Management
 Program Understanding Issues
 Programming Languages and Software Engineering
 Reflection and Metadata Approaches
 Reliability and Fault Tolerance

Requirements Engineering
 Reverse Engineering
 Software Architecture
 Software Design Methods
 Software Domain Modeling and Meta-Modeling
 Software Engineering Decision Support
 Software Engineering Education
 Software Maintenance and Evolution
 Software Process Modeling
 Software Quality
 Software Reuse
 Software Testing
 Tutoring, Help, Documentation Systems

We are also interested in short papers (letters) that clearly address a specific problem, and short survey or position papers that sketch the results or problems on a specific topic. Authors of selected short papers would be invited to write a regular paper on the same topic for future issues of the JSEA.

Notes for Prospective Authors

Submitted papers should not have been previously published nor be currently under consideration for publication elsewhere. All papers are refereed through a peer review process. For more details about the submissions, please access the website.

What is SCIRP?

Scientific Research Publishing (SCIRP) is one of the largest Open Access journal publishers. It is currently publishing more than 200 open access, online, peer-reviewed journals covering a wide range of academic disciplines. SCIRP serves the worldwide academic communities and contributes to the progress and application of science with its publication.

What is Open Access?

All original research papers published by SCIRP are made freely and permanently accessible online immediately upon publication. To be able to provide open access journals, SCIRP defrays operation costs from authors and subscription charges only for its printed version. Open access publishing allows an immediate, worldwide, barrier-free, open access to the full text of research papers, which is in the best interests of the scientific community.

- High visibility for maximum global exposure with open access publishing model
- Rigorous peer review of research papers
- Prompt faster publication with less cost
- Guaranteed targeted, multidisciplinary audience
