The Journal of Agricultural Chemistry and Environment (JACEN) is an official journal published quarterly in February, May, August and November. It has been launched by the Korean Society of Environmental Agriculture. JACEN publishes researches on all aspects dealing with chemical, biological, and physical processes affecting the environmental changes in agriculture. JACEN publishes original papers including but not limited to the following fields:

Subject Coverage

- Agricultural Bioresource Technology
- Agricultural Chemistry
- Agricultural Composting
- Agricultural Environment
- Agricultural Microbiology
- Agrochemicals
- Bioremediation
- Crop Protection and Physiology
- Soil Science
- Soil-plant Relationships
- Sustainable Agriculture

We are also interested in: Case series, Case reports, and Short communications.

Notes for Intending Authors

JACEN welcomes original research articles, reviews, and short communications with a maximum of 6, 10, and 2 printed pages, respectively. For more information to prepare manuscript, please see Manuscript Preparation described in the Guidelines.

What is SCIRP?

Scientific Research Publishing (SCIRP) is one of the largest Open Access journal publishers. It is currently publishing more than 200 open access, online, peer-reviewed journals covering a wide range of academic disciplines. SCIRP serves the worldwide academic communities and contributes to the progress and application of science with its publication.

What is Open Access?

All original research papers published by SCIRP are made freely and permanently accessible online immediately upon publication. To be able to provide open access journals, SCIRP defrays operation costs from authors and subscription charges only for its printed version. Open access publishing allows an immediate, worldwide, barrier-free, open access to the full text of research papers, which is in the best interests of the scientific community.

- High visibility for maximum global exposure with open access publishing model
- Rigorous peer review of research papers
- Prompt faster publication with less cost
- Guaranteed targeted, multidisciplinary audience
