# Journal of Service Science & Management

ISSN 1940-9893 (Print), 1940-9907 (Online)

<http://www.scirp.org/journal/jssm>

**Journal of Service Science & Management (JSSM)** is an international multidisciplinary journal with the emphasis laid on the service innovation in the global economy and entrepreneurship, the latest management technologies. It also explores the contributions of knowledge discovery and information management research and applications. The goal of this journal is to keep a record of the state-of-the-art research and promote the fast moving service science and management technologies.

## Editor-in-Chief

**Prof. Samuel Mendlinger**

Boston University, USA

## Subject Coverage

All manuscripts must be prepared in English, and are subject to a rigorous and fair peer-review process. Accepted papers will immediately appear online followed by printed in hard copy. The journal publishes the highest quality, original papers included but not limited to the fields:

- |   |   |
|---|---|
| • Behavioral Health Services            | • Managerial Economics                        |
| • Building Services                     | • Mental Health Services                      |
| • Business Intelligence                 | • New Directions for Student Services         |
| • Business Management                   | • Operational Research                        |
| • Business Process Re-Engineering       | • Pharmaceutical Health Services              |
| • Children and Youth Services           | • Planning, Scheduling and Project Management |
| • Computational Economics               | • Psychological Services                      |
| • Customer Capital Management           | • Public Administration                       |
| • Data Mining and Knowledge Discovery   | • Quality Management                          |
| • Decision Support System               | • Regional Economics and Management           |
| • Economics and Management              | • Retailing and Consumer Services             |
| • Environment and Energy Management     | • Risk Management                             |
| • Financial Engineering                 | • Service Business                            |
| • Financial Services                    | • Service Economics                           |
| • Flexible Services and Manufacturing   | • Service Industry Economics                  |
| • Food Service                          | • Service Oriented Computing and Applications |
| • Health Services                       | • Service Science                             |
| • Human Resources Management            | • Software Engineering Management             |
| • Information System Management         | • Supply Chain Management                     |
| • Innovation and Entrepreneurship       | • System Management Theory                    |
| • Intelligent Service                   | • Tourism and Travel Industry                 |
| • Internet Services and Applications    | • Urban Economics and Planning                |
| • Knowledge Management and Semantic Web | • Web Based Services and Applications         |

We are also interested in short papers (letters) that clearly address a specific problem, and short survey or position papers that sketch the results or problems on a specific topic. Authors of selected short papers would be invited to write a regular paper on the same topic for future issues of the JSSM.

## Notes for Intending Authors

Submitted papers should not have been previously published nor be currently under consideration for publication elsewhere. Paper submission will be handled electronically through the website. All papers are refereed through a peer review process. For more details about the submissions, please access the website.
