

Table of Contents

Volume 6 Number 4

November 2016

**IR Spectroscopic Study of Silicon Nitride Films Grown at a Low Substrate Temperature
Using Very High Frequency Plasma-Enhanced Chemical Vapor Deposition**

S. Kobayashi.....287

On the Thermodynamics of a Two-Dimensional Electron Gas with Non-Parabolic Dispersion

G. Gulyamov, B. T. Abdulazizov.....294

Structural and Optical Properties of Cu²⁺ + Ce³⁺ Co-Doped ZnO by Solution Combustion Method

S. López-Romero, M. J. Q. Jiménez, M. García-Hipólito.....300
