

TABLE OF CONTENTS

Volume 1, Number 3, November 2011

Alteration of fatty acid molecular species in ceramide and glucosylceramide under heat stress and expression of sphingolipid-related genes	
K.-I. Nagai, N. Takahashi, T. Moue, Y. Niimura.....	35
Gentian extract induces caspase-independent and mitochondria-modulated cell death	
M. Ogata, K. Matsukawa, K. Kogusuri, T. Yamashita, T. Hikage, K. Ito, Y. Saitoh, K.-I. Tsutsumi.....	49
Reliability of enzyme assays in dried blood spots for diagnosis of 4 lysosomal storage disorders	
R. Ceci, P. N. de Francesco, J. M. Mucci, L. N. Cancelarich, C. A. Fossati, P. A. Rozenfeld.....	58
Biological and physiological parameters of <i>Bulinus truncatus</i> snails exposed to methanol extract of the plant <i>Sesbania sesban</i> plant	
W. S. Hasheesh, R. T. Mohamed, S. Abd El-Monem.....	65
Endogenous modulators in the regulation of ion transporting enzymes: structure, function, interactions, recent advancements and future perspectives	
P. C. Sen.....	74
Garlic (<i>Allium sativum</i>) modulates the expression of angiotensin II AT₂ receptor in adrenal and renal tissues of streptozotocin-induced diabetic rats	
M. H. Mansour, K. Al-Qattan, M. Thomson, M. Ali.....	93
Compatibility of <i>Biomphalaria glabrata</i> and <i>B. alexandrina</i> snails to infection with an egyptian strain of <i>Schistosoma mansoni</i> through two cycles in the experimental final host	
M. B. Mahmoud.....	103
The interaction between Fe65 and Tip60 is regulated by S-nitrosylation on 440 cystein residue of Fe65	
E. J. Lee, S. H. Shin, S. Hyun, J. Chun, S. S. Kang.....	109
Exhaust emission characteristics of diesel and biodiesel	
Y. M. Zhang, H. J. You.....	119
Synthesis and fungicidal activity of some sulphide derivatives of O-phenyl-N-substituted phenylcarbmates	
F. E. Adelowo, I. A. O. Ojo, O. S. Amuda.....	122
