Advances in Entomology (AE) is an openly accessible journal published quarterly. The goal of this journal is to provide a platform for scientists and academicians all over the world to promote, share, and discuss various new issues and developments in the research of entomology.

Subject Coverage

All manuscripts must be prepared in English, and are subject to a rigorous peer-review process. Accepted papers will immediately appear online followed by printed hard copy. The areas covered by *Advances in Entomology (AE)* include but are not limited to the following fields:

- Agricultural Entomology
- Chemical Protection of Plants
- Culture Entomology
- Entomological Biology
- Entomological Ecology
- Entomological Ethology
- Entomological Morphology
- Entomological Pathology
- Entomological Taxonomy
- Entomological Toxicology
- Forensic Entomology
- Forest Entomology
- Medical Entomology
- Palaeoentomology
- Pest Bio-Control
- Physiological Entomology
- Technical Entomology
- Urban Entomology

We are also interested in: 1) Short reports—2-5 page papers where an author can either present an idea with theoretical background but has not yet completed the research needed for a complete paper or preliminary data; 2) Book reviews—Comments and critiques.

Notes for Intending Authors

Submitted papers should not have been previously published nor be currently under consideration for publication elsewhere. Paper submission will be handled electronically from the website. All papers are refereed through a peer review process. For more details about the submissions, please access the website.
