

Special Issue on Agricultural Entomology

Call for Papers

Agricultural Entomology is a subdivision of Entomology which is the study of field crops, fruit and vegetable pests.

In this special issue, we intend to invite front-line researchers and authors to submit original researches and review articles on exploring **agricultural entomology**. Potential topics include, but are not limited to:

- Insect development, anatomy, physiology, life history, behavior, etc.
- Insect classification and agricultural pests
- Pest management theory and practice
- Insect pests and control
- Natural enemies
- Plant and insects
- Pollinators
- Pesticide regulations/insecticides
- Ecological management

Authors should read over the journal's [Authors' Guidelines](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal at [Paper Submission System](#).

Please kindly specify the “**Special Issue**” under your manuscript title. The research field “**Special Issue – Agricultural Entomology**” should be selected during your submission.

Special Issue timetable:

Submission Deadline	November 30th, 2016
Publication Date	January 2017
