Advances in Infectious Diseases is an international journal dedicated to the latest advancement of infectious diseases. The goal of this journal is to provide a platform for researchers and academics all over the world to promote, share, and discuss various new issues and developments in infectious diseases related problems. All manuscripts must be prepared in English, and are subject to a rigorous and fair peer-review process. Accepted papers will immediately appear online followed by printed hard copy. The journal publishes original papers including but not limited to the following fields:

- Diarrheal diseases
- HIV/AIDS
- Hepatitis B
- Lower respiratory infections
- Malaria
- Measles
- Meningitis
- Pertussis
- Syphilis
- Tetanus
- Tropical diseases
- Tuberculosis

We are also interested in: 1) Short reports — 2-5 page papers where an author can either present an idea with theoretical background but has not yet completed the research needed for a complete paper or preliminary data; 2) Book reviews — Comments and critiques.
