

Special Issue on HIV/AIDS Research

Call for Papers

HIV/AIDS research includes all medical research that attempts to prevent, treat, or cure HIV/AIDS, as well as fundamental research about the nature of HIV as an infectious agent and AIDS as the disease caused by HIV.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on **HIV/AIDS Research**. Potential topics include, but are not limited to:

- Management and interventions
- Mechanisms of transmission
- Immunology & cell biology
- Modeling analysis
- Stem cell based gene therapy
- Sexual behavior and prevention
- Reproductive health
- Risk factors
- HIV Infection and cancer Risk
- HIV-related issues
- Primary care
- Palliative Care
- Public health issue
- HIV vaccine
- New developments

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly notice that the “**Special Issue**” under your manuscript title is supposed to be specified and the research field “**Special Issue – HIV/AIDS Research**” should be chosen during your submission.

According to the following timetable:

Submission Deadline	February 18th, 2021
Publication Date	April 2021
