

TABLE OF CONTENTS

Volume 4 Number 5A

May 2013

| | |
|---|----|
| ABNORMAL SHOOT IN YOUTH, a Homolog of Molybdate Transporter Gene, Regulates Early Shoot Development in Rice K.-I. Hibara, W. Hosoki, T. Hakoyama, Y. Ohmori, T. Fujiwara, J.-I. Itoh, Y. Nagato..... | 1 |
| Corn and Soybean Rotation under Reduced Tillage Management: Impacts on Soil Properties, Yield, and Net Return K. N. Reddy, R. M. Zablotowicz, L. J. Krutz..... | 10 |
| A Left-Handed, Stem-Twining Plant from the Miocene Shanwang Formation of Eastern China Q. Wang, S. Shen, Z. Y. Li..... | 18 |
| Preliminary Report of PGR's Influence to Multiple Shoots Induction and Plant Regeneration on <i>Plumbago auriculata</i> Y. Chen, S. P. Gao..... | 23 |
| Seeds as a Source of Carbon, Nitrogen, and Phosphorus for Seedling Establishment in Temperate Regions: A Synthesis B. B. Lamont, P. K. Groom..... | 30 |
| Role of Grafting Technique on the Success of Stenting Propagation of Two Rose (<i>Rosa</i> sp.) Varieties Z. Izadi, H. Zarei, M. Alizadeh..... | 41 |
| <i>Asplenium nidus</i>; The Bird's Nest Fern: Developmental Studies and Its Conservation R. Srivastava, P. L. Uniyal..... | 45 |
| Effects of Growth Regulators on Biomass and the Production of Secondary Metabolites in Peppermint (<i>Mentha piperita</i>) Micropropagated <i>in Vitro</i> M. V. Santoro, F. Nieves, J. Zygodlo, W. Giordano, E. Banchio..... | 49 |
| Differences of Wood Elements of <i>Prosopis laevigata</i> from Two Areas of Northeast Mexico A. Carrillo-Parra, R. Foroughbakhch-Pournavab, V. Bustamante-García, S. Sandoval-Torres, F. Garza-Ocañas, S. Moreno-Limón..... | 56 |
| Influence of Weather Conditions on the Surface Morphology and Wetting Behaviour of Superhydrophobic Quaking Aspen Leaves J. J. Victor, U. Erb..... | 61 |
| Irradiance and Developmental Stages of Crown Architecture Affect Shoot Production in <i>Rhododendron reticulatum</i> K. Yoshimura..... | 69 |
| Efficient, Season-Independent Seed Germination in Black Cohosh (<i>Actaea racemosa</i> L.) B. Kaur, J.-A. McCoy, E. Eisenstein..... | 77 |
| Polyamine Metabolism of the Cotton Flower and Its Subtending Leaf under Water-Deficit Stress in the Field D. A. Loka, D. M. Oosterhuis, J. D. Mattice, B. L. McMichael..... | 84 |

The figure on the front cover is from the article published in American Journal of Plant Sciences, 2013, Vol. 4, No. 5A, pp. 18-22 by Qi Wang, Si Shen and Zhenyu Li.
