

TABLE OF CONTENTS

Volume 5 Number 2

January 2014

Effect of BA Treatments on Morphology and Physiology of Proliferated Shoots of *Bambusa vulgaris* Schrad. Ex Wendl in Temporary Immersion

Y. García-Ramírez, M. G. Gonzáles, E. Q. Mendoza, M. F. Seijo, M. La O Cárdenas,
L. J. Moreno-Bermúdez, O. H. Ribalta.....205

Calcium Salts Enhance Activity and Azo Dye Decolourisation Capacity of Crude Peroxidase from *Armoracia rusticana*

M. Ambatkar, U. Mukundan.....212

Soil Temperature and Phosphorus Supply Interactively Affect Physiological Responses of White Birch to CO₂ Elevation

G. Danyagri, Q.-L. Dang.....219

Comparative Yield and Oil Quality of Toxic and Non-Toxic Mexican *Jatropha curcas* Grown in the Same Agroclimatic Conditions

K. Sanghamitra, R. V. Oramas, R. N. Prasad.....230

Suppression of Fusarium Crown Rot and Increase in Several Free Amino Acids in Mycorrhizal Asparagus

Y.-I. Matsubara, T. Okada, J. Liu.....235

Regulation of Reversible Dissociation of LHCII from PSII by Phosphorylation in Plants

Z. H. Cui, Y. P. Wang, A. Zhang, L. J. Zhang.....241

The figure on the front cover is from the article published in American Journal of Plant Sciences, 2014, Vol. 5, No. 2, pp. 230-234 by Khandual Sanghamitra, Ramirez Victorin Oramas and Rout Nutan Prasad.
