

## Table of Contents

Volume 6    Number 16

October 2015

**Study on the Pollen Thermo-Sensitive and Stigma Exsertion Male Sterile Line Tomato (*Lycopersicon esculentum* Mill.) cv. Da107**

Q. Z. Yu, C. Y. Liang, X. Y. Wang, Y. C. Du, M. Masuda, K. Murakami.....2535

***Phelipanche aegyptiaca* Management with Glyphosate in Potato**

M. Haidar, E. Shdeed.....2540

**Morphological and Biochemical Changes in Ginseng Seedling Roots Affected with Stripe Symptoms**

Z. K. Punja, M. Rahman.....2550

**Studies on Vegetative and Reproductive Ecology of *Paris polyphylla* Smith: A Vulnerable Medicinal Plant**

C. R. Deb, S. L. Jamir, N. S. Jamir.....2561

**Effect of Different Concentrations of Orange Juice for *in Vitro* Regeneration and Multiplication of Cocoyam (Taro)**

A. O. Ubalua, A. I. Ikpeama, O. D. Okeagu.....2569

**Canopy Light Interception of a Conventional and an Erect Leafed Sorghum**

D. C. Gitz III, Z. Xin, J. T. Baker, R. J. Lascano, J. J. Burke.....2576

***In Vitro* Regeneration of Endangered Medicinal *Hypoxis* Species**

B. E. B. Nsibande, X. Y. Li, A. Ahlman, L.-H. Zhu.....2585

**Utilizing Dominant Early Maturity Genes of Sterile Line UP-3s in Hybrid Rice Breeding to Avoid High Temperature Season**

B. H. Huang, Z. B. Yan.....2596

**Cloning and Characterization of  $\delta$ -Guaiene Synthase Genes Encoding a Sesquiterpene Cyclase from *Aquilaria microcarpa* Cell Cultures**

F. Kurosaki, S. Hirohashi, T. Katoh, F. Taura, J.-B. Lee.....2603

**Chemistry and Biological Activity of Condamineeae Tribe: A Chemotaxonomic Contribution of Rubiaceae Family**

V. F. Moreira, I. J. C. Vieira, R. Braz-Filho.....2612

**Phytochemical Screening, Extraction of Essential Oils and Antioxidant Activity of Five Species of Unconventional Vegetables**

M. S. S. Carvalho, M. G. Cardoso, L. V. Resende, M. de Souza Gomes, L. R. M. Albuquerque, A. C. S. Gomes, T. A. Sales, K. C. Camargo, D. L. Nelson, G. M. Costa, M. A. Espósito, L. F. L. e Silva.....2632

**Differences in Root Growth and Permeability in the Grafted Combinations of Dutch Tomato Cultivars (Starbuck and Maxifort) and Japanese Cultivars (Reiyo, Receive, and Magnet)**

T. Kakita, A. Abe, T. Ikeda.....2640

**The Allelopathic Potential of Hairy Vetch (*Vicia villosa* Roth.) Mulch**

C. M. Geddes, A. Cavalieri, F. Daayf, R. H. Gulden.....2651

**Chemical Characterization and *in Vitro* Antitumor Activity of the Essential Oils from the Leaves and Flowers of *Callistemon viminalis***

C. M. de Oliveira, M. G. Cardoso, M. Ionta, M. G. Soares, J. de Andrade Santiago, G. Á. F. da Silva, M. L. Teixeira, D. A. C. S. Rezende, R. V. de Souza, L. I. Soares, D. L. Nelson, M. S. S. Carvalho.....2664

**Effect of Gamma Irradiation and Selection with Fungus Filtrate (*Rhizoctonia solani* Kuhn) on the *in Vitro* Culture of Common Bean (*Phaseolus vulgaris*)**

L. Y. Solís-Ramos, M. Valdez-Melara, R. Alvarado-Barrantes, F. Mora-Umaña, E. Hernández-Jiménez, N. Barboza-Vargas, P. Ramírez-Fonseca.....2672

**Finger Millet: An Alternative Crop for the Southern High Plains**

P. H. Gowda, P. V. V. Prasad, S. V. Angadi, U. M. Rangappa, P. Wagle.....2686
