

TABLE OF CONTENTS
Volume 2, Number 1, March 2013

Behavior of circulating epithelial tumor cells (CETC) and FISH (fluorescence *in situ* hybridisation) of epidermal growth factor receptor (EGFR)-gene amplification in lung cancer patients during the course of therapy
M. El Sherif, C. P. Schneider, C. Rabenstein, A. H. Hassab, M. M. El Bordiny, M. W. Ayad, K. Pachmann.....1

CD8 T cell response in a phase I study of therapeutic vaccination of advanced NSCLC with allogeneic tumor cells secreting endoplasmic reticulum-chaperone gp96-Ig-peptide complexes
L. E. Raez, G. R. Walker, P. Baldie, E. Fisher, J. E. Gomez, K. Tolba, E. S. Santos, E. R. Podack.....9

Coronary surgery following prior pneumonectomy—A challenging clinical scenario with excellent results
S. Reutter, O. Liakopoulos, Y. H. Choi, T. Wahlers, T. Wittwer.....19

The bisulfite genomic sequencing protocol
J. J. Pappas, A. Toulouse, W. E. C. Bradley.....21
