

# Table of Contents

**Volume 11    Number 9**

**September 2020**

<b>Mathematical Modeling of the Dynamic Exchange of Solutes in a Prototype Hemodialyzer</b> E. K. Boamah.....	845
<b>On the Relationship of the Discrete Model of the Nuclei of Linear and Planar Defects and the Continuum Models of Defects in Crystalline Materials</b> V. L. Busov.....	862
<b>Non-Linear Tank Level Control for Industrial Applications</b> M. Short, A. A. Selvakumar.....	876
<b>On the Defining Equations of Protein's Shape from a Category Theoretical Point of View</b> N. Morikawa.....	890
<b>Noncovariant Lagrangians Are Presented Which Yield Two-Component Equations of Motion for a Class of Relativistic Mechanical Systems in 1 + 1 Dimensions Including the Harmonic Oscillator</b> R. L. Anderson.....	917
<b>Gershgorin and Rayleigh Bounds on the Eigenvalues of the Finite-Element Global Matrices via Optimal Similarity Transformations</b> I. Fried, R. Riganti, C. Yu.....	922
