

Table of Contents

Volume 13 Number 11

November 2022

Rolling Gaussian Process Regression with Application to Regime Shifts

W. Menke.....859

Probability of Matching All Types of Prizes for the First Time Is Maximized at a Surprisingly Early Number of Trials

M. Osaka.....869

Effective Finite-Difference Techniques for Estimating Sensitivities for Stochastic Biochemical Systems

F. Jabeen, S. Ilie.....878

Research on Intelligent Identification of PD Patterns Based on the Fingerprint Features

Q. P. Zheng, T. Chen, H. T. Hu, Y. L. Wang, D. W. Zhao, C. T. Chen, D. C. Zheng.....896

Enhanced Constitutive Theories for Classical Thermoviscoelastic Polymeric Fluids

K. S. Surana, T. J. Ezell.....917
