

# Table of Contents

Volume 5    Number 10

August 2015

## A Note on the Selection Expectation and Support Function

R. G. He.....583

## Non-Archimedean Analysis on the Extended Hyperreal Line ${}^*\mathbb{R}_d$ and the Solution of Some Very Old Transcendence Conjectures over the Field $\mathbb{Q}$

J. Foukzon.....587

## Asymptotically Confirmed Hypotheses Method for the Construction of Micropolar and Classical Theories of Elastic Thin Shells

S. Sargsyan.....629

## The Estimates of Diagonally Dominant Degree and Eigenvalue Inclusion Regions for the Schur Complement of Matrices

D. J. Gao.....643
