Advances in Reproductive Sciences

ISSN: 2330-0744 (Print) ISSN: 2330-0752 (Online)

<https://www.scirp.org/journal/arsci>

Advances in Reproductive Sciences (ARSci) is an openly accessible journal published quarterly. The goal of this journal is to provide a platform for scientists and academicians all over the world to promote, share, and discuss various new issues and developments in different areas of reproductive research.

All manuscripts must be prepared in English, and are subject to a rigorous peer-review process. Accepted papers will immediately appear online followed by printed hard copy. The areas covered by Advances in Reproductive Sciences (ARSci) include but are not limited to the following fields:

- Andrology
- Assisted Reproduction
- Contraception
- Cryopreservation of Gametes
- Embryology
- Fertilization
- Genetic Engineering
- Genome
- Gestation
- Gynecology
- Infertility
- Minimally Invasive Reproductive Surgery
- Obstetrics
- Pregnancy and Childbirth
- Pre-Implantation Genetic Diagnosis
- Prenatal Diagnosis and Care
- Reproductive Biology
- Reproductive Endocrinology
- Reproductive Health
- Reproductive Immunology
- Reproductive Medicines
- Reproductive Pathology
- Reproductive Pharmacology
- Reproductive Physiology
- Reproductive Policy
- Reproductive Psychology
- Reproductive System
- Reproductive Toxicology
- Stem Cells Research
- Surgical Therapy

We are also interested in: 1) Short reports—2-5 page papers where an author can either present an idea with theoretical background but has not yet completed the research needed for a complete paper or preliminary data; 2) Book reviews—Comments and critiques.

Notes for Intending Authors

Submitted papers should not have been previously published nor be currently under consideration for publication elsewhere. Paper submission will be handled electronically through the website. All papers are refereed through a peer review process. For more details about the submission, please access the website.
