

TABLE OF CONTENTS

Volume 3 Number 6A

October 2013

Classification of Toxic Cyanobacterial Blooms by Fourier-Transform Infrared Technology (FTIR) G. Kenne, D. van der Merwe.....	1
Molybdenum Limitation Induces Expression of the Molybdate-Binding Protein Mop in a Freshwater Nitrogen-Fixing Cyanobacterium J. B. Glass, A. T. Poret-Peterson, F. Wolfe-Simon, A. D. Anbar.....	9
Nitrogen Constrains the Growth of Late Summer Cyanobacterial Blooms in Lake Erie J. D. Chaffin, T. B. Bridgeman, D. L. Bade.....	16
Vertical Heterogeneity of Genotypic Structure and Toxic Potential within Populations of the Harmful Cyanobacterium <i>Microcystis aeruginosa</i> B. Misson, D. Latour.....	27
Isolation and Characterization of Cyanobacterial Community Including a Microcystin-Producing <i>Nostoc</i> sp. Strain in the Nile River, Egypt R. Amer, R. Shehawy, S. S. El-Dien, M. A. Serie, K. Shaker.....	38
Cyanobacterial Composition of Microbial Mats, Found in <i>Brejo do Espinho</i> and in Artificial Saline of <i>Araruama</i>, RJ, Brazil F. Feder, D. O. Delfino, M. D. Wanderley, L. H. Silva e Silva.....	47
Unique Tail Appendages of Marine Bacteriophages Y. G. Kuznetsov, S.-C. Chang, A. Credaroli, A. McPherson.....	55
Advances in Utilizing Cyanobacteria for Hydrogen Production G. Kufryk.....	60
Substitution of Nitrite Reductase of <i>Thermosynechococcus elongatus</i> BP-1 by the Homologous Gene of <i>Phormidium laminosum</i> M. Buxens, J. L. Serra, M. J. Llama.....	69
Cyanobacteria from Extreme Deserts to Space D. Billi, M. Baqué, H. D. Smith, C. P. McKay.....	80
Alternative Nitrogenases in <i>Anabaena variabilis</i>: The Role of Molybdate and Vanadate in Nitrogenase Gene Expression and Activity T. Thiel, B. S. Pratte.....	87
