

## Table of Contents

Volume 4    Number 6

May 2014

### **Laccases from *Actinobacteria*—What We Have and What to Expect**

T. A. R. Fernandes, W. B. da Silveira, F. M. L. Passos, T. D. Zucchi.....285

### **Stimulation of the Protective Response to Actinomycetoma by *Nocardia brasiliensis* in Mice Treated with *Candida albicans* Antigens**

A. Palma-Ramos, V. K. Espinosa-Antunez, L. E. Castrillón-Rivera, O. Nájera-Medina, M. E. Vega-Memije, R. Arenas-Guzmán, M. E. Drago-Serrano, T. Sainz- Espuñes.....297

### **Cultivable Sponge-Associated Actinobacteria from Coastal Area of Eastern Mediterranean Sea**

Ö. Öner, G. Ekiz, E. E. Hameş, V. Demir, Ö. Gübe, F. Can Özkaya, M. Baki Yokeş, A. Uzel, E. Bedir.....306

### **Detection of $\beta$ -Glucuronidase Activity within *Actinomadura madurae* Grains of Human Actinomycetoma**

A. Palma-Ramos, S. Reyes-Mayén, L. E. Castrillón-Rivera, S. E. Fernández-López, C. Padilla-Desgarenes, M. E. Vega-Memije, R. Arenas-Guzmán, M. E. Drago-Serrano, T. Sainz-Espuñes.....317

### **Dynamism of Antimicrobial Activity of Actinomycetes—A Case Study from Undisturbed Microbial Niche**

J. D. Patel, M. Parmar, P. Patel, P. Rohit, R. Taviyad, P. Ansari, B. Bhattacharya, D. Vyas, V. Kumar, N. S. Sahay, P. K. Singh.....324
