## Special Issue on Case Reports in Oncology

### Call for Papers

Oncology is a branch of medicine that specializes in the diagnosis and treatment of cancer. It includes medical oncology (the use of chemotherapy, hormone therapy, and other drugs to treat cancer), radiation oncology (the use of radiation therapy to treat cancer), and surgical oncology (the use of surgery and other procedures to treat cancer). A case report is a detailed report of the symptoms, signs, diagnosis, treatment, and follow-up of an individual patient.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on **Case Reports in Oncology**. Potential topics include, but are not limited to:

- Clinical studies and outcomes
- Therapy and Treatment
- Diagnosis and strategy
- Complications
- Metastasis research
- Surgical approaches
- Management and risk
- Technology applications and benefits

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly notice that the “**Special Issue**” under your manuscript title is supposed to be specified and the research field “**Special Issue – Case Reports in Oncology**” should be chosen during your submission.

According to the following timetable:

Submission Deadline	September 11th, 2019
Publication Date	November 2019

For publishing inquiries, please feel free to contact the Editorial Assistant at [submission.entrance1@scirp.org](mailto:submission.entrance1@scirp.org)
