

Special Issue on Cancer Case Reports

Call for Papers

Cancer is the uncontrolled growth and spread of cells. It can affect almost any part of the body. The growths often invade surrounding tissue and can metastasize to distant sites. A case report is a detailed report of the symptoms, signs, diagnosis, treatment, and follow-up of an individual patient.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on **Cancer Case Reports**. Potential topics include, but are not limited to:

- Clinical studies and outcomes
- Diagnosis, therapy and treatment
- Complications
- Metastasis research
- Surgical approaches
- Risk factors and management

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly notice that the “**Special Issue**” under your manuscript title is supposed to be specified and the research field “**Special Issue – Cancer Case Reports**” should be chosen during your submission.

According to the following timetable:

Submission Deadline	June 12th, 2020
Publication Date	August 2020

For publishing inquiries, please feel free to contact the Editorial Assistant at submission.entrance1@scirp.org
