

## TABLE OF CONTENTS

Volume 4      Number 4

April 2012

### Review of the Book “Non-Traditional Dynamics: Theory and Practice”

G. G. Goshin.....177

### Automotive Ride Comfort Control Using MR Fluid Damper

M. El-Kafafy, S. M. El-Demerdash, A. M. Rabeih.....179

### Modification and Development of a Blow Molding Machine

B. A. Al-Helou.....188

### The Influence of Matrix Content on the Properties of Friction Material

Q. W. Qu, T. K. Sun, S. Q. Wang, H. J. Yu.....198

### Direct Calculation of Unsteady-State Weymouth Equations for Gas Volumetric Flow Rate with Different Friction Factors in Horizontal and Inclined Pipes

A. O. Olatunde, T. A. Adeosun, M. A. Usman, O. M. Odunlami, M. A. Olowofoyeku, T. E. Ekakitie, A. M. Mohammed.....202

### CFD Analysis of Single and Multiphase Flow Characteristics in Elbow

Q. H. Mazumder.....210

### Mixing and Segregation Characteristics of Binary Granular Material in Tapered Fluidized Bed: A CFD Study

H. Sutar, C. K. Das.....215

### Mathematical Modeling and Software Application of Blood Flow for Therapeutic Management of Stroke

B. Gutti, A. A. Susu, O. A. Fasanmade.....228
