Volume 10 Number 9

September 2019

Consecutive-Day Intake of Whey Protein Upregulates mTOR mRNA and Protein Expression in Resting Skeletal Muscle of Mice

H. Sasaki.....1035

Whey Protein Intake Modulates Lipid Metabolism by Transcriptionally Affecting PPARs and SREBP1c and Their Downstream Enzymes in Mice

H. Sasaki.....1045

Prevalence and Associated Factors of Anemia among Pregnant Women Receiving Antenatal Care (ANC) at Fatima Hospital in Jashore, Bangladesh: A Cross-Sectional Study

S. Ahmed, Md. A. Al Mamun, N. Mahmud, N. Farzana, M. S. A. Sathi, B. K. Biswas, A. Datta, T. Ahmad.....1056

Microbiological Quality, Transmission of Resistant Bacteria, and Genetic Characterization in Fish Sold in Town Fairs in the Recôncavo da Bahia Region, Brazil

S. S. Damacena, L. S. S. e Barros.....1072

Weight Status at Postpartum: Being Normal Weight Yet Centrally Obese!

R. Cheron, I. A. Ogada, J. Kimiywe.....1085

Bioavailability of Iron and Related Components in Cooked Green Leafy Vegetables Consumed in Cameroon

R. F. Nomkong, R. A. Ejoh, R. F. Dibanda, M. N. Gabriel.....1096

Effects of the *Castanea mollissima Blume* Shell Cultivation Substrate on the Yield and Nutritional Composition of *Pleurotus geesteranus*

J. P. Zhang, X. B. Li, Y. Ying, X. H. Yao.....1112

Framing Cuisine with Food Loss and Waste as a Combined Nutrition Public Health Priority and Climate Change Mitigation Action

J. M. Deutsch, T. O'Donnell, S. Katz.....1122

Effects of Processing on Antioxidant Capacity and Metabolizing Enzyme Inhibition of Tiger Nut Tubers

S. Willis, C. Jackson, M. Verghese.....1132

Chemopreventive and Anti-Inflammatory Potential of Select Herbal Teas and Cinnamon in an *In-Vitro* Cell Model

S. Willis, R. Sunkara, F. Hester, L. Shackelford, L. T. Walker, M. Verghese.....1142

Effect of Compositing Precooked Cowpea with Improved Malted Finger Millet on Anti-Nutrients Content and Sensory Attributes of Complementary Porridge

C. O. Syeunda, J. O. Anyango, A. K. Faraj.....1157

Catechins Green Tea GMB4 Clone Increases mRNA of ABCA1 through LXR Signaling in Cultured Macrophage Exposed OX-LDL

E. Susanti, R. Ratnawati, A. Aulanni'am, A. Rudijanto.....1179
