

Table of Contents

Volume 6 Number 8

August 2018

Study on Water Injection Formula by Grey Correlation Method for Offshore Water Flooding Reservoir

J. T. Zhang, M. N. Wang, P. Z. Gong, Z. C. Yang, X. L. Liu.....1

Research on the Genesis and Development of Danxia Landform in the South Sichuan

H. Y. Li, L. Liu.....12

Spatial and Temporal Characteristics of Drought and Flood in Quanzhou Based on Standardized Precipitation Index (SPI) in Recent 55 Years

D. H. Liu, J. F. You, Q. J. Xie, Y. Y. Huang, H. J. Tong.....25

Cold Wave Climate Characteristics and Risk Zoning in Jilin Province

S. Q. Xu, X. Y. Yang, R. Sun, S. Fu, H. H. Liang, L. N. Chen.....38

Research and Practice on the Profile Control Characteristics of Emulsions in Bohai Oil Field

D. D. Yang, M. N. Wang, F. F. Miao, S. P. Wang, J. T. Zhang.....52

Research on Meteorological Information Transmission Mechanism in the Age of All Media

L. Lin, B. F. Shao, H. H. Zhang, X. M. Li.....60

Challenges of Local Coping Capacities due to Climate Change in the Coastal Regions of Bangladesh

N. Tashmin, M. Muniruzzaman, S. Islam, S. Farzana, S. Naher.....66

Analysis on the Cause of Mayang Stream's Mountain Torrent Disaster of the Typhoon Meranti (201614)

R. Y. Zhang, G. Gao, J. F. Xiao, X. Wu, F. Xue, R. J. Bao.....87

Simulation of Gamma-Ray and Neutron Spectrometers for Microsatellite Missions

M. Naito, N. Hasebe, J. Ishii, J. A. Matias-Lopes, V. V. Dmitrenko, C. Wöhler, K. J. Kim.....105

Solar Influences on the North Atlantic Oscillation by Wavelet-Based Multifractal Analysis

F. Maruyama, K. Kai, H. Morimoto.....133

Comparative Study of Transpiration in Cooling Effect of Tree Species in the Atmosphere

S. K. Gupta, J. Ram, H. Singh.....151

Application Analysis of the Emergency Communication System in Weather Radar

Z. X. Zheng, Y. Chen, H. Cao.....167

Would Education Help Rural Residents to Stop Littering Solid Wastes? An Evidence in China

X. Y. Zhang.....175

Geochemistry of Sandstone Type Uranium Deposit in Tarat Formation from Tim-Mersoi Basin in Northern Niger (West Africa): Implication on Provenance, Paleo-Redox and Tectonic Setting

A. D. Bohari, M. Harouna, A. Mosaad.....185
