Volume 10 Number 10

October 2019

Variability of the Critical Frequency foF2 for Equatorial Regions during Solar Cycle's Minima and Maxima at Ouagadougou and Manila Stations	
K. M'Bi, Z. J. Louis, Z. Christian, O. Frédéric.....	833
Characterization of Pan-African Aquifer Layers by the Least Squares Inversion Method Applied on Geoelectric Data	
K. T. Idriss, S. H. P. Kengni, N. E. Ndoh, B. P. G. Pokam, C. T. Tabod.....	845
Palynological Study of OSE 1 Well in Offshore Niger Delta Basin: Implications for Age, Paleoclimate and Depositional Paleoenvironment	
O. A. Ogbahon.....	860
Instance Segmentation of Outdoor Sports Ground from High Spatial Resolution Remote Sensing Imagery Using the Improved Mask R-CNN	
Y. J. Liu, J. H. Liu, H. Pu, Y. Liu, S. R. Song.....	884
Geothermal Energy Utilization in Jordanian Deserts	
S. Al-Zyoud.....	906
Different Feature Selection of Soil Attributes Influenced Clustering Performance on Soil Datasets	
J. G. Zhou, Y. Wang.....	919
Numerical Calculation of Geoelectric Fields That Affect Critical Infrastructure	
D. H. Boteler, R. J. Pirjola.....	930
Seismic Data Quality Control and Interpolation Using Principal Component Analysis	
Q. M. Li, S. A. Dehler.....	950
