Volume 5 Number 1

March 2015

Physicochemical and Functional Characterization of <i>Mucuna pruriens</i> Depigmented Starch for Potential Industrial Applications	
M. R. Segura-Campos, S. M. López-Sánchez, A. Castellanos-Ruelas, D. Betancur-Ancona, L. Chel-Guerrero.....	1
Infrared Spectral Studies of Copper-Containing Film on the Steel Sample	
S. D. Pichugin, V. N. Malyshev.....	11
Synthesis, Spectroscopic Characterization and Antimicrobial Activity of Some New 2-Substituted Imidazole Derivatives	
A. S. Salman, A. Abdel-Aziem, M. J. S. Alkubbat.....	15
Synthesis and Characterization of 2,2'-Bipyridyl-5,5'-Dialdehyde Schiff Bases from O,S,N and F-Containing Amines	
M. R. Hoq, M. R. Karim, M. Arifuzzaman, A. H. Mirza.....	29
A Novel One-Pot and Efficient Procedure for Synthesis of New Fused Uracil Derivatives for DNA Binding	
B. A. Mousa, A. H. Bayoumi, M. M. Korraa, M. G. Assy, S. A. El-Kalyoubi.....	37
