## Special Issue on Head and Neck Cancer

### Call for Papers

**Head and neck cancer** is a group of cancers that starts in the mouth, nose, throat, larynx, sinuses, or salivary glands. Symptoms for head and neck cancer may include a lump or sore that does not heal, a sore throat that does not go away, trouble swallowing, or a change in the voice. There may also be unusual bleeding, facial swelling, or trouble breathing.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on **head and neck cancer**. Potential topics include, but are not limited to:

- Causes, diagnosis and treatment
- Head and neck squamous cell carcinoma
- Nasopharyngeal cancer and Oropharyngeal cancer
- Laryngeal cancer
- Thyroid carcinoma
- Meningioma
- Head and neck cancer metastasis
- Chemotherapy and surgical approaches
- Biomarkers
- HPV factor

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly notice that the “**Special Issue**” under your manuscript title is supposed to be specified and the research field “**Special Issue – Head and Neck Cancer**” should be chosen during your submission.

According to the following timetable:

Submission Deadline	May 21st, 2020
Publication Date	July 2020
