

Table of Contents

Volume 4 Number 3

March 2016

Fermi-Dirac and Bose-Einstein Integrals and Their Applications to Resistivity in Some Magnetic Alloys, Part III	
M. A. Al-Jalali, S. A. Mouhammad.....	493
Introducing a Function with Plural Derivatives	
C. Shin.....	500
Comparative Phenomenological Description of Even-Even Isotopes at Mass Region $A \approx 70$	
S. U. El-Kameesy, H. Shahbunder, K. E. Abdelmageed, H. Elwany.....	511
New Fourth Order Iterative Methods Second Derivative Free	
O. Y. Ababneh.....	519
High-Order Finite Difference Schemes for the First Derivative in Von Mises Coordinates	
S. O. Alharbi, M. H. Hamdan.....	524
Permanence, Periodicity and Extinction of a Delayed Biological System with Stage-Structured Preference for Predator	
L. M. Zhang, C. F. Zhang.....	546
About the Riemann Hypothesis	
J. H. Fei.....	561
On Two Extension Formulas for Lauricella's Function of the Second Kind of Several Variables	
A. A. Atash, A. A. Al-Gonah.....	571
Mixed Convection MHD Stagnation Point Flow over a Stretching Surface with the Effects of Heat Source or Sink and Viscous Dissipation	
K. Sharada, B. Shankar.....	578
Delta Excitation in the Compressed Finite Nucleus ^{90}Zr	
M. H. E. Abu-Sei'leek.....	586
