

TABLE OF CONTENTS

Volume 3 Number 7

November 2013

Endorphinergic Attenuation of Distress by Concomitantly Enhancing Endogenous Opioid Release and Switching Opioid Receptor Signaling from an Excessively Excitatory to a Normal Inhibitory Mode

S. Crain, S. M. Crain.....497

Human-Related Emotional Stimuli Can Cause a Hippocampal and Thalamic Over-Response in People with Unstable Personalities

Y. Mizuno-Matsumoto, T. Hayashi, E. Okamoto, D. Miwa, T. Asakawa, A. Muramatsu, M. Kato, T. Murata.....509

Sex-Role Orientation in Men Is Related to Salivary Testosterone Levels

M. J. Law Smith, D. K. Deady, M. A. Sharp, E. A. S. Al-Dujaili.....518

Melatonin and Diazepam Affect Anxiety-Like and Depression-Like Behavior in Wistar Rats: Possible Interaction with Central GABA Neurotransmission

S. Ouakki, F. Z. El Mrabet, I. Lagbouri, A. El Hessni, A. Mesfioui, P. Pévet, E. Challet, A. Ouichou.....522

Lack of *Rb1/p107* Effects on Cell Proliferation and Maturation in the Inner Ear

S. M. Rocha-Sanchez, L. R. Scheetz, S. Siddiqi, M. W. Weston, L. M. Smith, K. Dempsey, H. Ali, J. McGee, E. J. Walsh.....534

Conditioned Place Preference Deficits in Adulthood Following High Fat and High Sugar Diet Intake in Pre- and Periadolescence: A Test of the Specificity Hypothesis

G. J. Privitera, D. J. Mayeaux, R. A. Schey, H. E. Lapp.....556

Stainability and Fine Structure of Intracytoplasmic Inclusion Bodies in the Locus Ceruleus of Mouse

Y. Y. Katoh, K. Sakai, C. Kaneko, M. Abe.....564

The figure on the front cover is from the article published in Journal of Behavioral and Brain Science, 2013, Vol. 3, No. 7, pp. 564-568 by Yoshimitsu Y. Katoh, *et al.*
