

Table of Contents

Volume 6 Number 10

October 2018

Timed Petri Net Models of Shared-Memory Bus-Based Multiprocessors

W. M. Zuberek.....1

An Efficient Overflow Detection and Correction Scheme in RNS Addition through Magnitude Evaluation

P. A. Agbedemnab, S. Akobre, E. K. Bankas.....15

Big Data Flow Adjustment Using Knapsack Problem

E. Yosef, A. Salama, M. E. Wahed.....30

Study on the Recommended Model Based on Personal Information System

X. Y. Dai.....40

Research on the Strategy of Information Resource Sharing between Governments in the Perspective of Game Theory

X. T. Guo.....52

An Efficient Arrhythmia Detection Using Autocorrelation and Statistical Approach

M. S. B. Sinal, E. Kamioka.....63
