Journal of cosmetics, dermatological sciences and applications(JCDSA)

ISSN 2161-4105 (Print) ISSN 2161-4512 (Online)

<http://www.SciRP.org/journal/jcdsa/>

Journal of cosmetics, dermatological sciences and applications should be the international journal devoted to research on sensor technologies including sensor design, implementation, characterizations and application oriented technical development. It is an interdisciplinary journal serving professionals with an interest in the exploitation of biological materials and designs in novel sensor diagnostic, supervision (or surveillance), and electronic devices including sensors, DNA chips, electronic noses, lab-on-a-chip, etc. Research of physical effects, measurement, theory, modeling and simulation of sensors, is welcome.

Subject Coverage

The journal publishes original papers including but not limited to the following fields:

- Acne treatment
- Aesthetic treatments
- Analytical chemistry
- Cosmetic chemistry
- Dentistry
- Dermatology
- Food, Nutrition and Anti-Aging
- Hair conservation and restoration
- Human safety testing of skin, hair and oral products
- Laser Treatment
- Olfactive research
- Photodamage and photoprotection, dermopharmacy, new developments in olfactive research
- Physical chemistry
- Plastic Surgery
- Rejuvenation
- Societal Issues
- Technology of emulsion and dispersed systems
- Theory and application of new materials and molecules
- Transdermal drug delivery systems

We are also interested in: 1) Short reports — 2-5 page papers where an author can either present an idea with theoretical background but has not yet completed the research needed for a complete paper or preliminary data; 2) Book reviews—Comments and critiques.

Notes for Intending Authors

Submitted papers should not have been previously published nor be currently under consideration for publication elsewhere. Paper submission will be handled electronically through the website. All papers are refereed through a peer review process. For more details about the submissions, please access the website.
