<http://www.SciRP.org/journal/jcdsa>

Journal of Cosmetics, Dermatological Sciences and Applications is an open-access, peer-reviewed journal describing scientific and technological advances that cover the basic sciences, engineering aspects and applied technology of cosmetics, toiletries, perfumery and related field as well as areas.

Editor in Chief

Dr. Bouzid Menaâ Fluorotronics, Inc., USA

Subject Coverage

The journal publishes original papers including but not limited to the following fields:

- Acne treatment
- Aesthetic treatments
- Analytical chemistry
- Cosmetic chemistry
- Dentistry
- Dermatology
- Dermatopathology
- Food, nutrition and anti-aging
- Hair conservation and restoration
- Human safety testing of skin, hair and oral products
- Laser treatment
- Olfactive research
- Photodamage and photoprotection, dermopharmacy, new developments in olfactive research
- Physical chemistry
- Plastic surgery
- Rejuvenation
- Skin physiology
- Societal issues
- Technology of emulsion and dispersed systems
- Theory and application of new materials and molecules
- Transdermal drug delivery systems

We are also interested in: 1) Short reports—2-5 page papers where an author can either present an idea with theoretical background but has not yet completed the research needed for a complete paper or preliminary data; 2) Book reviews—Comments and critiques.

Notes for Intending Authors

Submitted papers should not have been previously published nor be currently under consideration for publication elsewhere. Paper submission will be handled electronically through the website. All papers are refereed through a peer review process. For more details about the submissions, please access the website.
