
Special Issue on Cosmetic Science

Call for Papers

Cosmetic Science covers a wide range of disciplines which includes chemistry, pharmacology, toxicology, microbiology and pharmacy. This issue focuses on underlying design, synthesis, and development of products associated with the personal care, beauty and health of people as well as other cosmetic techniques. The cosmetic products range from lipstick, eye shadow, shampoo, hair coloring to personal care products.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on exploring **Cosmetic Science**. Potential topics include, but are not limited to:

- Cosmetic products
- Cosmetic ingredients
- Cosmetic laser
- Aesthetic surgery
- Cosmetic formulations
- Personal care products

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly specify the “**Special Issue**” under your manuscript title. The research field “**Special Issue - Cosmetic Science**” should be selected during your submission.

Special Issue Timetable:

Submission Deadline	October 20th, 2016
Publication Date	December 2016
