Editor in Chief

Dr. Bouzid Menaa Fluorotronics Inc., USA

Editorial Board

Prof. Salah Aida	University of Constantine, Algeria
Dr. Arul C. Arjunan	Sinmat Inc., USA
Prof. Abdelkrim Chemseddine	Hahn-Meitner Institute, Germany
Dr. R. Gopalakrishnan	Anna University, India
Prof. Shu-Shen Lu	Sun Yat-sen University, China
Prof. Krishna C. Mandal	University of South Carolina, USA
Dr. Klaus Merz	University of Bochum, Germany
Prof. Maximilyan Pugachevsky	Russian Academy of Sciences, Russia
Dr. Radoljub I. Ristic	The University of Sheffield, UK
Prof. Camillo Rosano	National Institute for Cancer Research, Italy
Prof. Garth Simpson	Purdue University, USA
Prof. Vitaliy Igorevich Talanin	Classic Privat University, Ukraine
Dr. Sunil Verma	Raja Ramanna Centre for Advanced Technology, India

Editorial Assistant

Karen Zhang Scientific Research Publishing, USA Email: jcpt@scirp.org

Guest Reviewers

Mehmet Akkurt **Paul R. Sharp**

TABLE OF CONTENTS

Volume 2 Number 1

January 2012

Determination of A.C. Conductivity of Nano-Composite Perovskite $Ba_{(1-x-y)}Sr_{(x)}TiFe_{(y)}O_3$ Prepared by the Sol-Gel Technique

M. Willander, O. Nur, M. Q. Israr, A. B. Abou Hamad, F. G. El Desouky, M. A. Salem, I. K. Battisha.....1

Analysis of μ -Czochralski Technique Using Two-Dimensional Crystallization Simulator

K. Matsuki, R. Saito, S. Tsukamoto, M. Kimura, R. Ishihara.....12

Synthesis and Characterization of $CaPd_3O_4$ Crystals

H. Samata, S. Tanaka, S. Mizusaki, Y. Nagata, T. C. Ozawa, A. Sato, K. Kosuda.....16

Crystallization and Characterization of a New Nonlinear Optical Crystal: L-Proline Succinate (LPS)

P. Paramasivam, C. R. Raja.....21

Qualitative Analysis of Interface Behavior under First Phase Transition

A. Guskov.....25

The figure on the front cover is from the article published in *Journal of Crystallization Process and Technology*, 2012, Vol. 2, No. 1, pp. 16-20 by Hiroaki Samata, *et al.*

Journal of Crystallization Process and Technology (JCPT)

ISSN 2161-7678 (Print) ISSN 2161-7686 (Online)
<http://www.scirp.org/journal/jcpt>

Journal of Crystallization Process and Technology (JCPT) is an international, specialized, English-language journal devoted to publication of original contributions concerning with the crystallization process, studies and properties of the crystalline materials.

Subject Coverage

This journal invites original research and review papers that address the following issues. Topics of interest include, but are not limited to:

- Crystals Growth, Design and Properties for Applications in Medical Sciences with Organic and Biological Substances Crystallization; Biomineralization; Opto-Electronics with Semiconductors, Superconductors, Magnetics, Inorganic and Inorganic-Organic Hybrid Materials Crystallization.
- Characterization by Physical and Chemical Methods; Apparatus, Instrumentation and Techniques for Crystal Growth, and Purification Methods.
- Crystallization as Bulk or Thin Films; Crystallization in Polymers, Liquid Crystals, Crystallization in Sol-Gel Glasses and Viscous Media.
- Crystallization Processes Including among Others Chemical Vapor Deposition, Hydrothermal, Organic, Solvent and Solvent-Free Processes.

The journal publishes the highest quality original full articles, communications, notes, reviews, special issues and books, covering both the experimental and theoretical aspects including physical, chemical, and biological phenomena and processes related to the design, growth, and application of crystalline materials. Contributions can concern also with the fundamental concepts of crystal growth and the understanding of the relationship between crystal growth conditions and resulting properties of the crystal:

- Intermolecular Interactions in the Solid State.
- Modeling of Crystal Growth Processes.
- Nucleation Theory.
- Transport Phenomena in Crystal Growth.

Papers are acceptable provided they report important findings, novel insights or useful techniques within the scope of the journal. All manuscript must be prepared in English, and are subjected to a rigorous and fair peer-review process. Accepted papers will immediately appear online followed by prints in hard copy.

Notes for Intending Authors

Submitted papers should not have been previously published nor be currently under consideration for publication elsewhere. Paper submission will be handled electronically through the website. All papers are refereed through a peer review process. For more details about the submissions, please access the website.
