Editor-in-Chief

Prof. Alicia Esther Ares National University of Misiones, Argentina

Editorial Board

Prof. Salah Aida University of Constantine, Algeria

Prof. Arul C. Arjunan Sinmat Inc., USA

Dr. Margarida Fardilha University of Aveiro, Portugal

Dr. Majid Ghashang Islamic Azad University, Iran

Prof. R. Gopalakrishnan Anna University, India

Prof. Wen Lei The University of Western Australia, Australia

Prof. Shushen Lu Sun Yat-sen University, China

Prof. Krishna C. Mandal University of South Carolina, USA

Prof. Bouzid Mena Fluorotronics Inc., USA

Dr. Radoljub I. Ristic University of Sheffield, UK

Prof. Camillo Rosano National Institute for Cancer Research, Italy

Prof. Garth Simpson Purdue University, USA

Prof. Vitalyi Igorevich Talanin Zaporozhye Institute of Economics and Information Technologies, Ukraine

Prof. Rina Tannenbaum University of Alabama at Birmingham, UK

Dr. Ramaiyer Venkatraman Jackson State University, USA

Prof. Sunil Verma Raja Ramanna Centre for Advanced Technology, India

Table of Contents

Volume 6 Number 3

July 2016

**Preparation and Characterization of Titania Microspheres and Their Application in a Liquid
Chromatography Stationary Phase**

J. Zhang, X. S. Zhu, Y. P. Zhang.....21

Journal of Crystallization Process and Technology (JCPT)

Journal Information

SUBSCRIPTIONS

The *Journal of Crystallization Process and Technology* (Online at Scientific Research Publishing, www.SciRP.org) is published quarterly by Scientific Research Publishing, Inc., USA.

Subscription rates:

Print: \$69 per issue.

To subscribe, please contact Journals Subscriptions Department, E-mail: sub@scirp.org

Journal of Crystallization Process and Technology (JCPT)

ISSN 2161-7678 (Print) ISSN 2161-7686 (Online)
<http://www.scirp.org/journal/jcpt>

Journal of Crystallization Process and Technology (JCPT) is an Open Access journal accessible for free on the Internet. At Scientific Research Publishing (SCIRP), we guarantee that no university library or individual reader will ever have to buy a subscription or pay any pay-per-view fees to access articles in the electronic version of the journal.

Journal of Crystallization Process and Technology (JCPT) is an international, specialized, English-language journal devoted to publication of original contributions concerning with the crystallization process, studies and properties of the crystalline materials. It covers the basic sciences, engineering aspects and applied technology of crystals and crystallization processes, both the experimental and theoretical aspects including physical, chemical, and biological phenomena and processes related to the design, growth, and application of crystalline materials. The journal publishes original papers including but not limited to the following fields:

- Apparatus, Instrumentation and Techniques for Crystal Growth, and Purification Methods
- Biological Substances Crystallization
- Biomineralization
- Characterization by Physical and Chemical Methods
- Characterization of Single Crystals
- Crystal Growth of Metals
- Crystal Growth of Minerals
- Crystal Growth of Semiconductors
- Crystal Growth of Superconductors
- Crystallization as Bulk or Thin Films
- Crystallization in Glasses
- Crystallization in Polymers, Liquid Crystals Crystallization in Sol-Gel Glasses and Viscous Media
- Crystallization Processes Including among Others Chemical Vapor Deposition, Hydrothermal, Organic, Solvent and Solvent-Free Processes
- Crystals Growth, Design and Properties for Applications in Medical Sciences with Organic
- Directional Growing
- Intermolecular Interactions in the Solid State
- Modeling of Crystal Growth Processes
- Nucleation Theory
- Opto-Electronics with Semiconductors, Superconductors, Magnetics, Inorganic Inorhanic-Organic Hybrid Materials Crystallization
- Purification Methods
- Transport Phenomena in Crystal Growth

Notes for Intending Authors

Submitted papers should not have been previously published nor be currently under consideration for publication elsewhere. Paper submission will be handled electronically through the website. All papers are refereed through a peer review process. For more details about the submissions, please access the website.
